

SYSTEM **KAN-therm** Press

Brass adapter GW 1" x GZ3/4"

Description of the product:

Adapter allows making quick and simple branches of PE-Xc and PE-RT pipes (12-18 mm) and PE-RT/Al/PEHD (PE-RT) pipes (14-20 mm) from pipeline (f.i. vertical pipeline) made of KAN-therm multilayer pipes with bigger diameters (from 25 to 63 mm). Brass adapter GW1" x GZ3/4" cuts down male thread 1" on male thread 3/4" preserving construction of connecting point EUROCONUS – possibility to connect pipes with the help of KAN adapters 3/4" and KAN eurocone adapters 3/4"
